

According to **IDC**, the digital data universe will grow to 175 zettabytes by 2025 (from around 40 zettabytes in 2019), with enterprise organisations accounting for over 60% of that expansion.

BIG DATA

Enable your organisation to master the ability to extract valuable insights from large amounts of data.

In today's digital economy, data is the new oil, and organisations who can harness it will remain ahead of the competition. As a result of this decade's data boom, businesses now must become more data-driven and extract value from their data if they want to thrive. The increase in demand for big data has had ripple effects in the demand for professionals who can analyse and manage data to mine insights. According to Fortune Business Insights, The projected growth for Big Data spending is to the value of R1.7 Trillion by 2027.

Deviare offers a comprehensive range of courses to equip professionals and businesses to catapult their success using big data.

★ 4.50 (209 Ratings) | 4.5K Learners

Knowledge Nuggets Courses

Apache Kafka

★ 4.00 (1170 Ratings) | 8.5K Learners

Enhance your workforce with critical digital skills.

There can be no digital transformation without the transformation of skills to new and modern areas. We know that it takes more than simply staff training to improve a workforce's abilities. Deviare's learning platform provides an adaptable, continuous learning experience with effective feedback loops tailored to each individual's needs. Organisations must invest in the ongoing development of skills that fulfil technical certification criteria while also covering enough of the business environment to be valuable for the organisation.

We provide corporate training in the emerging technologies that are transforming our economy. Our Adaptive Learning Platform can curate customised learning while accommodating for large candidate volumes. The workforce skills transformation produces an applied skill with the appropriate accreditation, where applicable.

Are you looking to up-skill or re-skill your employees so that your organisation can prosper in the digital age? Get in touch.
